The Senior High Building, where most of the Senior High classes are held, was built in 1916. In 1953, the old auditorium was made into a new library and a study hall.

The Lion Gymnasium, which will seat about 1500, was completed in April, 1952. It is equipped with an electric folding door, which, when closed leaves a space of two full-size basketball courts for the boys' and girls' physical education classes. There are boys' and girls' dressing rooms and a guest basketball team dressing room, plus offices for the Physical Education Staff. There is an industrial arts shop in one end of the building.

The Brownwood High School Football Stadium was built in 1936. This stadium, seating 4380, is where all Brownwood Junior and Senior High School football games are played.

The Junior High School was completed in December of 1922. It contains the Principal's office, a newly remodeled library, a study hall, and classrooms, where most of Junior High classes are held.

The Administration Building, built in 1942, has the administrative offices, the auditorium, which will seat about 1150, the commercial and science laboratories, and six classrooms.

The Band Hall was completed in 1952 at the rear of the auditorium. It has one main practice room, several small practice rooms, a director's office and rest rooms. It is easily accessible to the auditorium and to the football field.

The Music Hall, used by the A Cappella Choir and the Orchestra, was completed in the summer of 1953. It has one main practice room, offices for directors, and rest rooms.

The Cottage was moved to its present location. It was remodeled in 1953 providing an all-steel kitchen with six complete units in the foods laboratory. The sewing laboratory was also remodeled.

HEAD COACH
Mr. Roland Warren

Out of ten games this season, the Lions won six. Our victories were due mostly to a good record of passing, blocking, and a good spirit on the part of the team. Some of the highlights were: In the game with Ranger when Elledge scored on two runs of over 50 yards, with good downfield blocking; a 40-yard pass from Chastain to Franks with only one minute left to play, in the game with Grand Prairie; Olen Franks, twice all-district half-back, getting 5 touchdowns and 6 extra points for 36 points, in the game with Arlington; the rugged defense and two lightning-fast touchdowns in the win over Cleburne; Don Clark recovering the fumble that paid off, in the game with Cleburne, and blocking the kick that would have tied the game.

Next year the Lions leave 2AAA and will operate in 5AAA.

DICKIE KEMP

There is a lot more work to cheerleading than meets the eye. Besides having lots of vim, vigor, and vitality, the cheerleaders must be co-operative and imaginative. Have you noticed the signs on the wall that boost school spirit? They are regular duties of the cheerleaders. The cheerleaders make out the pep rallies and are responsible for contacting speakers; and for working out stunts to add variety to the pep rallies. During the school year, to furnish funds for necessary supplies, the cheerleaders have some money-raising projects.

Hi!

You asked me to write and what shall it be? Three little words, Please Remember me! Well, twin sister, I really don't know what to write after getting through with Bill's annual. Guess I have to do the best I can to fill up two pages. Huh? Oh, well, I'll get there, but not saying when, why or how

Best wishes to a
